

Information concerning the Special Issue of Spectrochimica Acta Part B: Atomic Spectroscopy

Spectrochimica Acta Part B (SAB) cordially invites the participants of the Colloquium Spectroscopicum Internationale XXXVI to submit their original research manuscripts related to their presentation on the conference. Manuscripts dealing with (i) fundamentals, (ii) methodology development, (iii) instrumentation, and (iv) applications in the field of analytical atomic spectroscopy, can be submitted for publication to the Special Issue of SAB. The manuscripts will undergo the usual peer reviewing process by independent referees. Instructions for authors can be found on the journal's website

The deadline for manuscript submission will be September 30, 2009. When submitting the manuscript online, please indicate that the paper is a contribution to the Special Issue by selecting "Special Issue: CSI XXXVI" as the article type and "Margaretha de Loos-Vollebregt" as contact/overseeing editor.

Please let us know if you are interested in submitting a contribution by sending us an e-mail (to the address galbx@chem.u-szeged.hu and vigami72@yahoo.es) containing your contact data and the tentative title of the manuscript not later than the closing day of the Conference (September 3, 2009).

We are looking forward to hearing from you!

Dr. Gábor Galbács

Guest Editor

CSI XXXVI Vice-chair

Dr. Viktor Mihucz
